

Led profile LIMA

Led profile de aluminio base + led profile orientable con difusor, destinado a la iluminación perimetral de techos en estancias, ofreciendo una iluminación difusa y de ambiente. Debe apoyarse sobre una repisa o similar. Su acabado en forma diagonal, hace que la iluminación sea totalmente indirecta. Apto para tiras de led con un ancho máximo de 12mm y una potencia no superior a 15W/m.

Aluminium led profile base + adjustable led profile with cover, intended for perimeter ceiling lighting in rooms, offering diffused and ambience lighting. It should rest on a ledge or similar. Its diagonal shaped finishing, means that illumination is totally indirect. Suitable for led strips with a maximum width of 12mm and power not greater than 15W/m.

Base profilé led en aluminium + profilé led orientable avec diffuseur, conçu pour l'éclairage périmétrique des plafonds des locaux, en fournissant un éclairage diffus et ambiant. Il doit être soutenu par une étagère ou un support similaire. Sa finition diagonale rend l'éclairage totalement indirect. Convient aux bandes de LED d'une largeur maximale de 12mm et d'une puissance ne dépassant pas 15W/m.
