

SOFT LINE

Ref: 82.135 soft line aluminio anodizado en blanco / *soft line white anodised aluminium*
Ref: 82.136 soft line aluminio anodizado en negro / *soft line black anodised aluminium*

Escala 1:5 / Scale 1:5 (mm)

Características técnica / Technical data

Material tira / Strip material	acero inoxidable negro / black stainless steel
Color / Colour	blando / white negro / black
PCB máximo / Maximum PCB	12mm
Potencia máxima / Maximum power	15W/m
Longitud máxima recomendada de instalación / Maximum recommended installation length	20m
Grado de protección / Degree of protection	IP20
Apto para / Apt for	interior / indoor
Dimensiones / Measurements	30m x Ø90mm

Iluminación hacia arriba / Up lighting

Iluminación hacia abajo / Down lighting

Iluminación Up&Down / Up&Down lighting

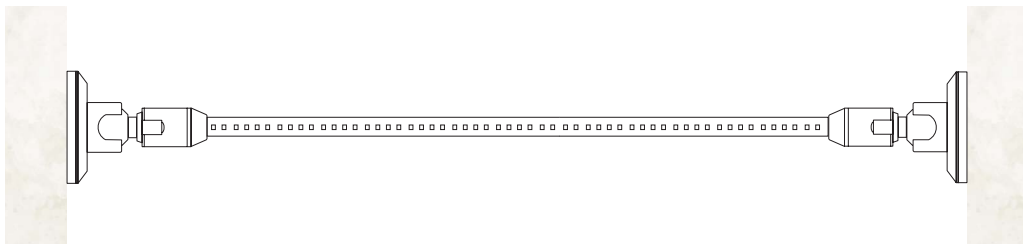

Tipos de instalación

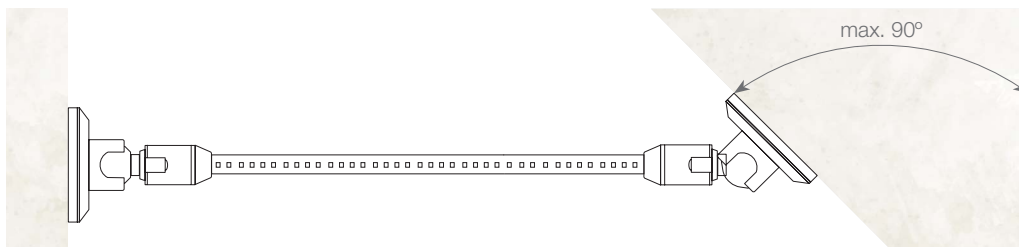

Types of installation

Escala 1:5 / Scale 1:5 (mm)

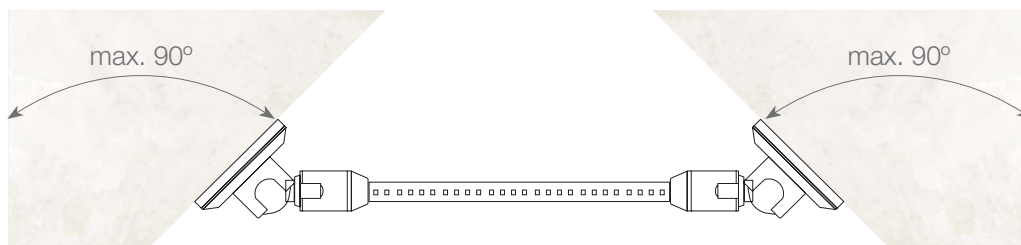

Instalación recta
Straight installation

Inclinado hacia un lado
Inclined on one side

Inclinado por dos lados
Inclined on both sides

Inclinado
Tilted
