

# led profile by Luz Negra

## VENEZIA

Our BASIC led profile series for wall applications is a folded aluminium profile and with a lacquered white finish. It is ideal for ceiling and ambience lighting. Drivers can be housed inside along with other types of cables, such as telephone, network or similar, allowing circuit closures and therefore avoiding voltage drops.

This profile is available in 2m lengths and suitable for using with our Vizcaya-Barcelona flexible ecoled strips.

**We offer a 2 year guarantee.**
