

led profile by Luz Negra

Our PROFESSIONAL led profile series which is manufactured in Black&White, is ideal for surfaces, ceiling suspended luminaires or wall mounted luminaires and similar.

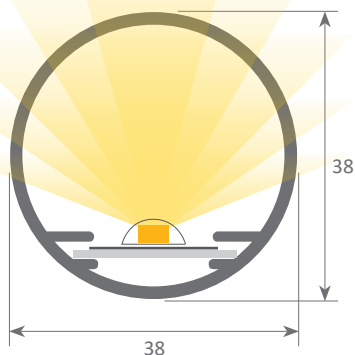

It is suitable for led strips with a maximum width of 15mm and a power not greater than 15W/m. In order to obtain a more homogeneous illumination, while also making a non dot effect, we recommend combining it with our Elite series of led strips, COB and also our ecoled digital model Hawaii RGB.

We offer a 2 year guarantee.
