

led profile by Luz Negra

NEON EASY

High quality silicone neon profile with opal front and rear opening which enables easy placing of the waterproof led strip.

Ideal for lighting up cavities, cornices and for decorative perimetral lighting in general.

If combined with our Infinity led strip (direct at 230V), you will be able to create a neon flex of up to 50m in length and easily powered from one end – no need for any power supply and no visible voltage drop. (minimum purchase 1m).

We offer a 2 year guarantee.
