

led profile by Luz Negra

Our PROFESSIONAL led profile series is manufactured in high purity aluminium and available in anodised black.

It is ideal for using with furniture, shelving or similar as it offers up and down lighting. Both profile and covers are available in lengths of 1m.

Suitable for led strips with a maximum width of 5mm and a power not greater than 15W/m.

We recommend using with our COB ecoled strips to achieve a more homogeneous and diffused illumination.

We offer a 5 year guarantee.
