

TACTILE SENSOR SWITCH FOR SURFACES

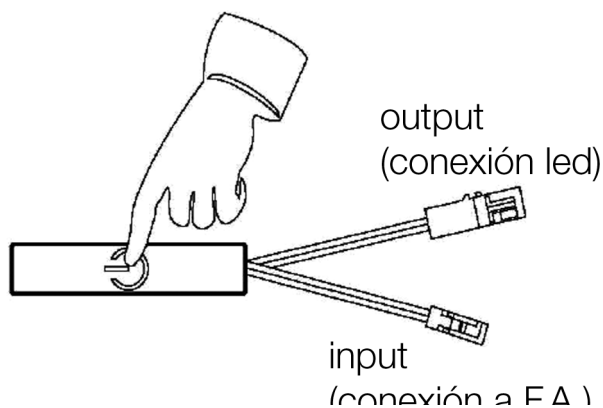

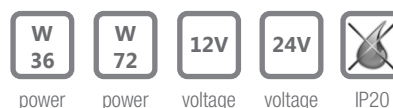

SENSORS AND SWITCHES

Ref: 41.012

12V - 24V

A tactile switch for surfaces recommended with ON-OFF function yet at the same time regulating the light's intensity with the dimmer. This product is only recommended for indoor use and only 1 switch can be used in the same installation. The "cell" detecting cable must not be cut as this could cause failure.

Warning: the installation of the switch with the led strip must be carried out without connecting to the power supply (the line must be disconnected from 230V) as this could shut off and cause malfunctioning.

Power (W)	36W (12V)
Power (W)	72W (24V)
Channels (output)	1
Amps	2A
Measurements	60x11x6mm
On-Off	si
Working temperature	-20°C / +45°C
Weight	38g
Waterproofing	IP20
Packaging	1 unit
Guarantee	2 years
